

Devin Martin

dmartin83@student.gsu.edu • 347-522-1899 (mobile)

OBJECTIVE: Secure an internship where I will use my Computer Science background and interpersonal skills to further company growth and improve my readiness to contribute to my chosen field of software engineering.

EDUCATION:

Georgia State University- Atlanta, Georgia
Bachelor of Science in Computer Science
GPA: 3.5/4.00

Expected Graduation: May 2025

RELEVANT COURSES:

- Principles of Computer Science I
- Principles of Computer Science II
- Principles of Computer Science for Data Science
- Data Structures
- Probability & Statistics
- Computer Architecture
- System-Level Programming
- Design & Analysis: Algorithms
- Discrete Mathematics
- Calculus I & II
- Linear Algebra
- Database Systems
- Computer Organization & Programming
- Software Development
- Software Engineering
- Programming Language Concepts

SKILLS:

- JavaScript, HTML, CSS
- Python, Django
- C#
- Nodejs
- PostgreSQL
- Java
- ASP.NET MVC

PROJECTS/RESEARCH:

Website

Personal Portfolio

June 2022 - Now

- Built with Django, a Python library, and Bootstrap, a CSS CDN.
- Custom JavaScript animation without a library

XBRL Scraper

- Constructed with Python; integrated with basic SMTP protocol for sending over data through email
- Interacts with SEC Edgar API and XBRL's API
- Stores the scraped reports and metric into a SQL database.

Virtual Cookbook Platform

- Constructed a mock-up of a cooking platform Allrecipes with Django Framework and PostgreSQL database hosted on the Render hosting platform

EXPERIENCE:

Marathon Petroleum Corporation (MPC)

Application Developer

May – August 2023

- Frontend and backend development on Marathon's retail payments application using ASP.NET MVC
- Help maintain data integrity and data validity between MPC and third-party companies via SQL procedures
- Aided in converting an MPC website from using ASP.NET Webforms to ASP.NET MVC

DAPCEP & PwC & Extern

Nonprofit Consulting Extern in Collaboration with PwC

March – May 2024

- Research similar non-profit organizations for comparative analysis of DAPCEP's programs and impact reporting
- Craft an impact assessment framework that defines how to qualitatively and quantitatively show impact
- Present findings and impact assessment framework to company leaders and some board of directors of DAPCEP

Georgia State University

Math Path Scholar: Tissue Engineering Assistant

May – August 2024

- Crafted manuscripts and posters for the new Tissue Engineering research
- Present information about the research

VOLUNTEER EXPERIENCE:**Piedmont Medical, Rockdale County****Manual Labor****October 2019**

- Organized files
- Cleaned and reorganized break rooms.

LEADERSHIP/ORGANIZATIONS:**National Society of Black Engineers****September 2022****Computer Science Club****June 2022**

- Contributed code to the club's GitHub repository.

ACTIVITIES/AWARDS:**BDPA "Datathon" 4th Place Winner****August 2022****Creatica 2022 Hackathon Participant****June 2022**

- Contributed backend code to a project called "Questify" (an app like Kahoot and Quizlet)
